

Hello Teachers!

NCL has also created animated Norwegian's Giving Joy Giphy stickers that you can add to your Instagram stories.

You can find these stickers and add them to your Instagram Stories by following these instructions or watch [this video](#):

1. To add a story post, click on your profile picture at the top of the screen on the homepage or the plus sign at the bottom middle of the screen of your Instagram app.
2. Select the Giving Joy Instagram Story photo that you have downloaded from the social media toolkit or select the photo of your choice.
3. Once you have selected a photo, you will be brought to the edit screen. Click on the top sticker button that looks like a smiley face.
4. In the stickers, search for "NCL Giving Joy."
5. Select the sticker of your choice and place it on your photo.
6. Don't forget to revisit the smiley face button and click the LINK button and add a link to NCLGivingJoy.com so your followers know where to vote for you.
7. Post your photo to your story and let the votes roll in!
